

IF YOU LOVE THE DMV, YOU'LL LOVE **SINGLE PAYER**

HEALTH CARE

GOVERNMENT-RUN
\$369 BILLION

Reduced Access

A state run Single Payer system will decrease access because doctors will not practice in a low reimbursement environment

Reduced Quality of Care

Single Payer would reduce quality of care by cutting payments to providers and hospitals, driving many out of business or requiring rationing of health care resources

Reduced Choice

Single Payer expands the role of government in health care, putting politicians in control of what health benefits and services are covered

Government-run systems such as the DMV or VA are plagued with inefficiencies and Single Payer would create a costly Albany government-run health care system. To learn more, visit realitiesofsinglepayer.com
